REFERENTI SCIENTIFICI | SCIENTIFIC REFERENTS

Prof. Francesco Inchingolo

Graduated in Medicine and specialized in Hygiene and Preventive Medicine, Maxillofacial Surgery, Odontostomatology and Experimental Medicine at the National Research Council (CNR). Full Professor in Dentistry at the Faculty of Medicine, University "Aldo Moro", Bari. Director of the School of Specialization in Orthodontics, Lecturer in Oral Surgery and Maxillofacial Surgery in the Specialized Courses of Maxillofacial Surgery, Oral Surgery and Orthodontics at the University "Aldo Moro", Bari. President of the International Masters in Advanced Oral Surgery and Implant Surgery and

Aesthetic Medicine at the same University. Eligibility for the ASN as Professor in the disciplinary field MED/28 and MED/29. As Visiting Professor cooperates with world-leading universities. Selected in the special ranking of the "Top 2% Scientists of the world" promoted by the prestigious Stanford University. Author and co-author of several publications in scientific journals, of more than 535 scientific articles on international indexed journals (H-index: 71, 14300 citations) and reviewer for many peer reviewed journals. He is lecturing and training internationally for the most important universities and researches' institutions. Active Member of many international Scientific Associations. Scientific activity has been awarded numerous important national and international awards.

Prof. Gianfranco Favia

Graduated in Medicine and Surgery at the University of Bari in 1980, specialized in Odontostomatology in 1983, in Anatomy and Pathological Histology in 1987 and in General Surgery in 1996. He has been a university researcher since 1984, then Associate Professor in 2001 (SSD MED 28), and Full Professor in the scientific disciplinary field MED 28 - Odontostomatological Diseases. Currently and since 2002, he is Chief of the Complex Operative Unit of Dentistry - Azienda Ospedaliero Universitaria Policlinico di Bari. Author and co-author of several publications in scientific journals,

of more than 300 scientific articles on international indexed journals (H-index: 38, 5258 citations) and reviewer for many peer reviewed journals. He has been President of the Master Degree Course in Dentistry and Dental Prosthesis of the University of Bari from 2003 to 2008. He is currently teaching Odontostomatologic diseases at the 4th year of the degree course in Medicine and Surgery, and he is also teaching Odontostomatologic Special Pathology, Odontostomatologic Clinic, and Oral Surgery at the 3rd and 6th year of the master degree course in Dentistry and Dental Prosthesis at the University of Bari. Director of several Master and Postgraduate courses at the University of Bari.

RELATORI | SPEAKERS

Dr. Abdelfatah Eman Mohamed

Specialist in Oral health. Board member of Egyptian Association of Prosthetic and restorative dentistry.

Prof. Acampora Rosario

Rosario Acampora is an Italian dental surgeon with extensive experience in oral surgery, implantology, implant-prosthetic rehabilitation, prosthodontics, orthodontics, conservative and pediatric dentistry, oral hygiene, prevention, and treatment of oral diseases. Graduated in Dental Surgery from the State University of Reims, France, he also completed advanced training in Oral Implantology and Implant-Prosthetic Surgery at the University at Buffalo, USA. Since 1996, he has directed his private dental practice in Naples and Sant'Andrea di Conza. Former contract professor at the University of Bari and Director of the Implant-Prosthetic Surgery Department at ARS Medica, he is an international speaker and author of publications focused on implantology, immediate loading, overdentures, and peri-implant soft tissue integration.

Prof. Adamo Daniela

Daniela Adamo is a clinician specializing in chronic orofacial pain, neuroinflammation, and oral medicine. She is an Associate Professor of Oral and Maxillofacial Diseases at Link Campus University in Rome. She is the Director of the Multidisciplinary Orofacial Pain Clinic at Federico II University of Naples. With over two decades of clinical and academic experience, Dr. Adamo's research focuses on chronic orofacial pain, burning mouth syndrome, and the biopsychosocial aspects of pain disorders, with a particular emphasis on neuropsychiatric comorbidities and sleep disturbances.

Dr. Aliberti Angelo

In 2022 graduated in Dentistry from the University of Naples Federico II with Honors (110/110 magna cum laude) with special mention to career and recommendation for publication. Oral surgery resident at University of Naples Federico II and research fellow in dental materials and implantology. Author of scientific articles published on National and International Journals. Lecturer at National and International Conferences.

Dr. Alcantara Alessandro Berti Amarin

Specialist in Oral and Maxillofacial Surgery; Master's Degree in Implantology and Oral and Maxillofacial Surgery.

Prof. Annunziata Marco

Associate Professor of periodontology and implantology at the Multidisciplinary Department of Medical-Surgical and Dental specialties, University of Campania "Luigi Vanvitelli". Active member of the Italian Academy of Osseointegration (IAO). Author of over 70 scientific publications in international journals and speaker at national and international congresses on topics related to periodontology and implant dentistry.

Dr. Antonelli Alessandro

Graduated with honors in Dentistry and Dental Prosthetics and specialized with honors in Oral Surgery at the University "Magna Graecia" of Catanzaro. Currently enrolled in the PhD Program in Medical Sciences at the same university, with research experience at Charité – Universitätsmedizin Berlin. Holds a Second Level Master's Degree in Oral Medicine from the University Federico II of Naples. Author of scientific publications and speaker at national and international congresses. Active Member of SIdCO and SIPMO. Full Member of IPA, EAO, and EAOM.

Dr. Angrisani Pasquale

Dentist graduated with honors in Dentistry and Dental Prosthetics from the University of Campania "Luigi Vanvitelli" in 2019. He works clinically as a consultant, mainly focusing on endodontics and restorative dentistry. He served as Scientific Coordinator of the Second-Level Master's Program in Endodontics and Restorative Dentistry for the Academic Year 2024/2025

Dr. Balestriere Liviana

Dr.ssa Liviana Balestriere, born in Naples on 28/02/1996, Italy. Degree in Dentistry and Dental Prosthetics in 2020 at the University of Madrid "Alfonso X El Sabio". He has participated in various orthodontic training courses regarding fixed therapy and transparent aligners. She currently attends the School of Specialization in Orthodontics at the University of Bari "Aldo Moro".

Prof. Bambini Fabrizio

Prof. Bambini Fabrizio degree in medicine and surgery in 1988, specialist in odontostomatology since 1991. Contract professor from 1997 to 2005 at the Dentistry Degree Course of the Polytechnic University of Marche. Associate Professor since 2006 at the same University where he holds the title of Oral Surgery at the Dentistry and Dental Prosthetics Degree Course and the Degree Course in Oral Hygiene. Qualified as full professor in 2018. Author of over 100 scientific publications in national and international journals, holder of 2 patents in the dentistry field and in particular prosthetic implant.

Prof. Bara Silvana

Assoc. Prof. Dr., Dean of the Faculty of Dental Medicine at the University of Medicine, Tirana, and member of the Academic Senate. She holds a Doctorate in Dental Sciences and a Master's in Prosthodontics and Implantology (University of Bologna). Her expertise includes prosthodontic rehabilitation, oral medicine, periodontology, and digital dentistry. She has held roles such as Vice-Dean and Coordinator of undergraduate dental programs. Active in research on piezosurgery and digital prosthetics, she has published widely and participates in scientific committees and editorial boards. Fluent in Albanian, Italian, and English.

RELATORI | SPEAKERS

Dr. Bassi Paola

Born on 3 June 1998 in Conversano (BA), Italy. Graduate at Classical High School "Domenico Morea" in Conversano (BA) in July 2017 with 90/100. Degree in Dentistry and Dental Prosthetics at the Catholic University of Our Lady of Good Counsel in Tirana in July 2024 with 110/110 cum laude. Currently attending Specialization School in Orthodontics at the University of Bari.

Prof. Blasi Andrea

Dr. Prof. Andrea Blasi is a researcher at the University Federico II of Naples. He is a PhD in Oral Sciences and a specialist in Oral Surgery. Currently he teaches Periodontology at the degree courses in Dentistry and Dental Hygiene, at the University Federico II of Naples. He is author of numerous international publications and a member of the editorial board of several scientific journals. His research mainly focuses on surgical and non-surgical therapy of periodontitis, mucositis and peri-implantitis; for his scientific activity he was awarded the H.M. Goldman Prize by the SIdP in 2024.

Dr. Bordea Ioana Roxana

DMD, PhD, MSc (authorID: 56652299500) and lecturer at the University of Medicine and Pharmacy "Iuliu Hatieganu", with 37 articles published in ISI rated journals and 12 in IDB journals, also published 1 international book chapter, 13 national book chapters and 2 books. She defended her PhD thesis in 2016 entitled "Effects of laser biostimulation in oral and maxillofacial diseases". Her field of expertise includes dentistry, laser treatments, stem cells, PRP, PRF and aesthetic treatment.

Prof. Bruno Gianni Aldo

Professor of Maxillofacial Surgery at the University of Milan since 2005, he is a Medical Doctor and Specialist in Maxillofacial Surgery with an extensive academic, clinical, and research career. He served as Director of the Postgraduate School of Maxillofacial Surgery at the University of Milan from 2004 to 2010 and again from 2013 to 2016. From 2017 to 2023, he was Director of the Department of Biomedical, Surgical and Dental Sciences within the Faculty of Medicine and Surgery, and he is currently President-Elect for the next three-year term. He was a member of the Academic Senate of the University of Milan from 2018 to 2021 and served as Dean of the Faculty of Medicine and Surgery from 2023 to 2024. His scientific activity is documented by more than 170 international peer-reviewed publications, with an H-index of 30 and over 3,400 citations according to Scopus. Over the last four years, he has acted as Principal Investigator or Co-Principal Investigator in several competitively funded research projects, securing a total of approximately €2.5 million in research funding.

Prof. Capodiferro Saverio

Associate Professor at the University of Bari, expert in Laser Therapy and Laser Surgery. Author of numerous national and international scientific publications and book chapters. His areas of expertise include Oral Surgery and Pathology, Surgical and Non-Surgical Periodontology, Prosthetic Technologies, Implant Rehabilitation, and CAD-CAM Systems.

Dr. Cardarelli Filippo

Graduated with honors in Dentistry and Dental Prosthetics at the University of Aquila. Specialized with honors in Orthodontics at the University of Milan. He attended numerous advanced courses in Italy and abroad. Author of publications in national and international journals. Author of a new functional orthodontic technique: Elastodontic Therapy®. Speaker in Italy and abroad. Private practice in Isernia, Milan, Chiasso (CH), where he deals exclusively with orthodontics and aesthetic dentistry and collaborates with Dr. Lorenzo Vanini in the resolution of particularly complex orthodontics cases to be treated with Elastodontic Therapy®.

Prof. Cardarelli Angelo

He is adjunct professor and tutor at Vita-Salute San Raffaele University of Milan, Unicamillus University of Rome, and UCAM University of Murcia. Scientific Consultant at the IRCCS Dentistry Operating Unit San Raffaele (Dir. Prof. E. Gherlone), he is also Academic Director of UCAM Postgraduate Program in Dubai and V. Member of the Global Scientific Dental Alliance. He practices in Milan, Isernia, and Dubai, focusing on Implant Prosthetics and Oral Surgery. Author of Piezo electric Surgery of Impacted Teeth (EDRA, 2020), co-author with Dr. Arun K Garg of Zygomatic Implants (Quintessenza, 2023), the Korean book Extraction of Third Molars (Tuetor), and Manual of Laser Technology in Odontostomatology (ARIESDUE).

Dr. Carone Claudio

Born on 2nd August 1996 in Bari, Italy. Graduated in 2015 at "G. Salvemini" high school in Bari. Graduated in Dentistry and Dental Prosthetics at University of Foggia (Italy) in 2022. Currently at Orthodontics Specialization School at University of Bari "Aldo Moro".

Dr. Casu Cinzia

PhD. Adjunct Professor of Pediatric Oral Pathology, Dental Clinic, Professional Oral Hygiene Techniques, University of Cagliari, Past President of AIRO (Italian Academy for Oral Research). Master in Oral Surgery and Pathology. Editorial Board Member of "World Journal of Experimental Medicine" and other international indexed Journals. Reviewer for MDPI Journals, "British Medical Journal", for Elsevier Group and for Springer-Nature. Author of over 200 national and international publications. Speaker at national and international congresses and courses of Oral Pathology.

RELATORI | *SPEAKERS*

Prof. Ciavarella Domenico

He graduated in Dentistry and Dental Prosthetics from the Università Politecnica delle Marche and specialized in Orthodontics at the University of L'Aquila. He is Associate Professor (MED-28) and Director of the School of Specialization in Orthodontics at the University of Foggia, where he teaches Orthodontics and Occlusion and Posture. He is Head of the Orthodontics and Sleep Medicine Unit at the University Dental Clinic and coordinates several research projects in gnathology and orthodontics. He is an ordinary member of SIDO and SIOI, a regular member of SIPMO and SUSO, and currently President of SIMSO. He trained at the C.H.Tweed International Foundation in Tucson, Arizona (USA). Expert in Sleep-Related Breathing Disorders with SIMSO and member of the OSAS-ARES Commission of Puglia.

Dr. Cocis Stefan

Medical doctor, specialist in Maxillofacial surgery with 70/70 and Honors at the University of Turin. International Master in FUNCTIONAL AND AESTHETIC SURGERY OF THE NOSE AND FACE. Currently Maxillofacial surgery consultant at the Maxillofacial surgery dpt. of the University of Bari

Prof. Contaldo Maria

Associate Professor in Odontostomatological Diseases at the University of Campania "Luigi Vanvitelli," Naples, Italy. Medical Manager at the University of Campania Luigi Vanvitelli Hospital, Program Unit of Oral Medicine and Pathology. D.M.D., Ph.D, Specialist in Pediatric Dentistry. Research focused on oral pathology&medicine and pediatric dentistry.

Dr. Conte Roberto

Dr. Prof. Roberto Conte graduated in Medicine and Surgery from the University of Padua. In 2002, he completed a Postgraduate Specialization in Implantology at New York University, presenting a thesis on the Pterygoid Implant. In 2006, he obtained a Diploma in Implant Anatomy from Claude Bernard University Lyon I. He has served as a Lecturer at Jean Monnet University of Saint-Étienne. He is Clinical Coordinator for the NYU Tutor Project in Italy, affiliated with the New York University College of Dentistry (C.D.F.). In 2010, he earned a Level II Master's Degree in Zygomatic Implantology from the University of Pisa.

Prof. Copelli Chiara

Associate Professor in Maxillo-Facial Surgery, University "Aldo Moro" of Bari. Head of the Operative Unit of Maxillo-Facial Surgery, University-Hospital of Bari. Main field of interest: head and neck oncology, reconstructive surgery, new technologies applied to surgery.

Dr. Coprivez Paolo

Graduated in Medicine and Surgery from the University of Trieste in 1990. Practicing dentist since 1992 in Monfalcone (GO), and since 2017 in Aquileia (UD) and Udine. Held numerous institutional roles: ANDI Gorizia Provincial Secretary (2 years), President (currently, after 4 terms), ANDI Regional President (2 terms), CAO Gorizia President (currently, after 4 terms), Councillor (3 terms), and Councillor of the Order of Surgeons and Dentists (currently, after 7 terms). President of Oris Broker and registered in Section E of the RUI (IVASS). Member of the scientific committee of Pro.O.F. Lecturer in university Master's programs in Forensic Odontology and Aesthetic Medicine, and in private schools of Aesthetic Medicine.

Prof. Corridore Denise

Dentist, DDS, PhD. Post-graduate Specialization Degree in Orthodontics. Researcher for the execution of the program relating to the research line: "Oral health in patients with socio-health vulnerability, in particular for oral disorders Spectrum Autistic". Researcher at Department of Life Science, Health, and Health Professions Link University.

Prof. Corsalini Massimo

Prof. Dr. Massimo Corsalini is a Medical Doctor specialized in Odontostomatology. He is an Associate Professor of Dental Diseases at the University of Bari. He serves as the Director of the Postgraduate School in Pediatric Dentistry and is also the Head of the Bachelor's Degree Program in Dental Hygiene at the University of Bari.

Prof. Crincoli Vito

Graduated in Dentistry and Dental Prosthetics at the University of Bari, specialized in Orthodontics at the University of Turin. He teaches at the Degree Course in Dentistry of Bari as Associate Professor. He is author of publications in national and international journals, mainly in orthodontics and gnathology.

RELATORI | SPEAKERS

Dr. Cutillo Michele

Graduated in Dentistry from the University of Campania "Luigi Vanvitelli". Specialist in Oral Surgery (University of Trieste) and Oral and Maxillofacial Surgery (CTA São Paulo). He holds second-level Master's degrees in Zygomatic and Pterygoid Implantology (University of Pisa) and Orthognathic Surgery (University of Naples Federico II). Co-founder of Zigomaprime Napoli, an international institute for advanced training in zygomatic implantology

Prof. De Giacomo Andrea

Graduated from Liceo Ginnasio Statale "Socrate" in 1986. In 1992 completed a Psychiatry in Medicine course with fellowship at Karolinska Institutet, Stockholm. Earned an MD in Medicine from the University of Bari in 1993 (110/110 cum laude), followed by a 1996 diplomain Child and Adolescent Psychiatry from the University of London (Bethlem Royal and Maudsley Hospitals). In 1998 specialized in Child Neuropsychiatry at the University of Bari (50/50 cum laude), and in 1999 obtained a Psychotherapy diploma from CIRISU (recognized by MURST). From 1999 to 2002 worked in school integration (ASL BA/3) and Neuropsychiatry Services (ASLBA/4). Certified in ADHR and ADOS for autism diagnostics in 2008. Since 2011, substitute Director of UOC Child Neuropsychiatry and Autism Contactat Policlinico of Bari. Since 2022, Director of the Specialization School in Child Neuropsychiatry at the University of Bari "Aldo Moro".

Dr. D'Albis Giuseppe

Dr. D'Albis obtained a Master's degree in "Oral Surgery" in 2017, attending the Operative Unit of Odontostomatology in Pisa, followed by a Master's in "Periodontology and Implantology" in 2018, "Oral Implantology" in 2019, and "Prosthodontics and New Technologies" in 2021. He is currently a resident in Oral Surgery at the University of Bari "Aldo Moro".

Prof. D'Antò Vincenzo

Prof. Vincenzo D'Antò is Associate Professor at the School of Orthodontics of the University of Naples Federico II. He holds degrees and specializations in Dentistry, Orthodontics, Pediatric Dentistry, Temporomandibular Disorders, Lingual Orthodontics, and Sleep Dentistry, as well as two PhDs in Engineering and Oral Sciences. Internationally recognized researcher and speaker, he has authored over 130 scientific publications and lectured in more than 40 countries. He serves as Associate Editor of leading orthodontic journals and has received numerous international awards, including the Robert Frank Award, Hatton Award, EOS Houston Award, and Tiziano Baccetti Award.

Prof. Del Fabbro Massimo

Degree in Biological Sciences (1989), Ph.D. in Human Physiology (1993). Full Professor in the scientific-disciplinary sector MEDS-26/A (Advanced Medical and Surgical Technical Sciences) at the Department of Biomedical, Surgical and Dental Sciences, University of Milan. Former coordinator of the Ph.D. program in Odontostomatological Sciences (2015–2020) and current coordinator of the Ph.D. program in Clinical Research (from 2021 to present). He carries out his research activities at the IRCCS Foundation Ca' Granda Ospedale Maggiore Policlinico in Milan. Founding Member and Past President (2022–2023) of ANTHEC (Academy of Non-Transfusional Hemocomponents in Clinical practice). His research interests include various aspects of dentistry, biomaterials and tissue engineering, platelet concentrate biology, systematic literature reviews, and research methodology. H-index = 62 (Scopus, May 2025). Author of over 500 articles indexed in PubMed and more than 540 in Scopus.

Dr. D'Astore Antonio

Born in Bari on September 24, 1957. Graduated in Medicine from the University of Bari on 1983. Specialized in Orthopedics and Traumatology in June 1990, from the University of Bari, has been practicing dentistry since 1988 in Bari. Since 1997 he attended the School of Medical and Dental Kinesiology led by Gianmario Esposito in 1997/98 and qualified as a kinesiologist in 1998 and is an active member of SIKMO (Italian Society of Medical and Dental Kinesiology). Master's degree in the same discipline from the Faculty of Dentistry at the University of Palermo. In 2012, he taught Occlusion and Posture at the Faculty of Dentistry at the University of Messina. Speaker at conferences on kinesioposturology and orthodontic therapy with elastodontics.

Prof. De Rosa Alfredo

Prof. Alfredo De Rosa is Associate Professor and President of the Degree Course in Dentistry and Dental Prosthetics at Link University in Rome. Specialized in dental biomaterials, restorative dentistry, and endodontics, he holds a PhD in Biomaterials and has extensive academic, clinical, and research experience. Author of over 90 international publications and 18 patents, his research focuses on innovative dental materials, reconstructive dentistry, endodontic technologies, and oral cancer detection. He has directed advanced academic programs and collaborated on numerous national and international research projects.

Prof. Dalampiras Stylianos

MD, DDS, EBOFMS, Prof. in Oral C Maxillofacial Surgery. Aristotle University of Thessaloniki Greece. Ass. Prof. in "Grigore T. Popa" University, Iasi, Romania. He is invited speaker in International congresses and seminars with more than 150 lectures, in the field of Oral C Maxillofacial Surgery. His preferred topics are , Facial Pain, Implant Surgery and TMJ Disorders.

Dr. de Ruvo Elisabetta

Graduated in Dentistry and Dental Prosthetics in 2007 at the University of Bari "Aldo Moro". Specialist in orthodontics at the University of Bari, directed by Prof. F. Inchingolo. International Master of II level in "Advanced Oral Surgery and Dental Implantology" at the University of Bari (2017). Master in "Advanced Oral Surgery and Implant Prosthetics: Prevention and Therapy of Special Users", at the University of Bari (2015). Master in "Implant prosthetics and Oral Surgery: The Correct Management of Oral Hygiene", at the University of Bari (2011-2013) SCOPUS: International papers 32 – h-Index 16 – citations: 824.

RELATORI | SPEAKERS

Prof. Di Blasio Alberto

Associate Professor MED28 Oral Diseases at the University of Parma. Head of the Cranio-Maxillofacial Malformations Orthodontics Clinic at the Department of Odontostomatology, University Hospital of Parma Director of the Orthodontics Department at the University Dentistry Center, University of Parma President of the Second-Level Master's in Oro-Facial Aesthetics President of the Second-Level Master's in Orthodontics at the University of Parma Teaches Orthodontics in the 4th, 5th, and 6th years of the CLMOPD (Degree Course in Dentistry and Dental Prosthetics) at the University of Parma Former instructor of Orthodontics in the 4th and 5th years at the CLMOPD of the University of Modena and Reggio Emilia Private practitioner in Parma Degree in Medicine and Surgery, University of Parma Specialization in Orthodontics, University of Milan Specialization in Odontostomatology, University of Parma.

Dr. Di Blasio Marco

Dentistry Degree in July 2021 at the University of Parma Specialisation in Orthodontics in December 2024 at the University of Brescia PhD Candidate in Clinical Research at the University of Milan Co-author of numerous scientific publications in indexed journals in the field of dentistry, particularly orthodontics. Freelancer at Centro Medico Di Blasio in Parma as orthodontist.

Dr. Di Serio Sharon

Born on 21 January in Taranto (Ta), Italy. Graduate at Linguistic High School "Aristosseno" in Taranto in July 2015. Graduated in dentistry and Dental Prosthetics at the University of Bari on 26 April 2024. Currently attending Specialization School in Orthodontics at the University of Bari "Aldo Moro"

Prof. Di Venere Daniela

Graduated in Dentistry at the University of Bari "Aldo Moro" in 1987 and then Specialized in Orthodontics in 1992 at the University of Naples SUN. Associate Professor in the Scientific Disciplinary Area MED-16/A, opting for full-time employment at the University of Bari. She teaches Orthodontics at the Degree Course in Dentistry and the Degree Course in Dental Hygiene at the University of Bari. She is a member of the Ordering Committee and the Board of the School of Specialisation in Orthodontics at the University of Bari, as well as a lecturer at the Schools of Specialisation in Orthodontics and Paediatric Dentistry.

Prof. Dipalma Gianna

Prof. Gianna Dipalma, DDS, MD, International PhD, Specialized Oral Surgery. Associate Professor at Link Campus University, Rome, Italy; Doctor of Dental Surgery, Medical Doctor, International PhD, Resident in Oral Surgery. Graduated in Dentistry with top marks on the 26th October 2000 at Uniba, with a grade of 110 out of 110 with honors, since 2000. On March 30, 2020 graduated in Medicine and Surgery at the University of Bari "Aldo Moro". With a grade of 110 out of 110 with honors. In 2005: Ph.D in Clinical Dentistry at the University of Bari, Italy, in collaboration with the New York University in Buffalo and in Eastman Dental Institute of London - United Kingdom. In 2006: post-graduate course in Prosthesis on Implants at the University of Bari, Italy; In 2008: post-graduate course in Prosthesis on Implants (second level) at the University of Bari "Aldo Moro", Italy. Selected in the special ranking of the "Top 2% Scientists of the world" promoted by the prestigious Stanford University. Author and co-author of several publications in scientific journals, of more than 405 scientific articles on international indexed journals (H-index 61, 9483 citations) and reviewer for many peer reviewed journals.

Prof. Farronato Davide

Prof. Farronato Davide (DDs, PhD, PD, AP): He is Associate Professor at the University of Insubria, Italy, President of the Dental Hygiene School and Director of ITEB Research (Center of Innovative Technology and Engineered Biomaterial). He is PhD in "Innovative Techniques in Oral Implantology and Implant Prosthetic Rehabilitation", specialising in Oral Surgery with laude. Active member of IAO (Italian Academy of Osseointegration), of MINEC (MegaGen International Network of Education and Clinical Research), and founding member of the SISCOO (Italian Society of Specialists in Oral Surgery). He is an implant designer for multiple companies, and his scientific work is aimed at understanding the variables that affect the stability of peri-implant tissues in the aesthetic zone at the long term.

Prof. Farronato Giampietro

In 1975/76 he took the Medical and Surgical degree at the University of Padova. In 1978 he obtained the postgraduate degree in Oral Pathology and Clinical Dentistry. In 1979/80 he obtained the postgraduate degree in Orthodontics. From 1/11/2000 he is Full Professor in the scientific line MED/28 Oral Pathology. From 2002 to 2014 he is the coordinator of Dental Hygienist degree. From 2008 to 2014 is the Director of the postgraduate course in Orthodontics. From 2014 is the Director of Dentistry and Orthodontics degree. From October 2017 to September 2020, Director of the School of Orthodontics. National President SIDO (Italian Society of Orthodontics) in 2015.

RELATORI | *SPEAKERS*

Prof. Farronato Marco

Marco Farronato graduated in European Dental school of Madrid in 2014, he completed his Orthodontics postgraduate in University of Milan in 2018 with maximum grades, he obtained Ph.D in "Clinical Research" in University of Milan, he was granted the title of "Doctor Europaeus" after attending a period of trainership at University of Leuven, in Belgium and currently is adjunct professor at University of Milan. He is author of more than 100 international publications, coeditor of 3 books. He is reviewer of European Radiology (Springer), Journal of Dentistry (Elsevier) and Guest Editor of Bioengineering (MDPI) and Academic Editor of the International Journal of Dentistry (Hindawi). He teaches in different courses, national and international masters. He is also the developer of a PCT patent on Augmented Reality for anatomic vision in the United States.

Prof. Ferati Arbëresha Bexheti

Prof. Ferati Arbëresha Bexheti University of Tetova Faculty of Medical Sciences, Department of Microbiology, Republic of North Macedonia.

Prof. Ferati Kenan

Specialist in maxillofacial surgery with international education and over 10 years of clinical and academic experience. DDS from Sarajevo and Skopje; doctoral studies in Belgrade; specialization in maxillofacial surgery in Skopje. Completed advanced trainings in bone deformities (Hannover) and implantology (Basel, Straumann Institute). Founder of Apolon Dental Polyclinic in Tetovo. Lecturer at State University of Tetova since 2014, former Vice Dean and Head of Stomatology Program, currently President of the University Senate. Former President of the Albanian Stomatological Society and Vice President of the Dental Chamber. Member of EAOCMFS, ITI (Straumann Educator), Albanian Dental Society, and boards for implantology, surgery, and medical simulation.

Prof. Ferrante Antonio

Graduated in Medicine, spec. in Odontostomatology, studied swallowing function in Miami, gnathology at New York University. Teacher for three years at the Univ. of Chieti in the spec. course in Orthognathodontics, teacher in the masters in posturology of the universities of Rome for 9 years, Pisa, Naples. Author of books on myofunctional therapy and on the frenulum lingule. Author of innovative research on the importance of nasopalatine receptors in Bruxism, Thumb Sucking, Apnea, Idiopathic Scoliosis, for the promotion of pregnancies, Fibromyalgia. In 2015 in Los Angeles he received the Louis Pasteur Award, assigned by the major international associations of oral rehabilitation, for the improvements in Medicine.

Dr. Forte Marta

Graduated in Dentistry and Dental Prosthetics from University of Bari. Currently specializing in Oral Surgery at the University of Bari "Aldo Moro". Her main fields of interest are surgery and oral pathology.

RELATORI | SPEAKERS

Dr. Gallo Claudio

Gallo Claudio Director Of Community Dentistry Department Of The Piove Di Sacco Hospital, Padua. Contract Professor Of Padua University In Dentistry School And In Dental Hygienist School. Special Oral Surgery.

Prof. Gargiulo Ciro Isacco

He earned his MD from the University of Bari "Aldo Moro," followed by an MSc in Immunology (Manchester), a PhD in Regenerative Medicine (Fribourg), and a Doctor of Philosophy in Science (Milan). He completed postgraduate studies in Cancer Therapy (Queen Mary, London) and Traditional Oriental Medicine (Ho Chi Minh City), and took part in numerous CME programs in oncology, immunotherapy, diabetes, and infectious diseases. He held academic and clinical roles in Italy, Albania, Vietnam, Switzerland, and Australia, including Visiting Professor, researcher at UC Berkeley, and Head of the COVID-19 Unit at San Giuseppe Moscati Hospital. Since 2014, he is Medical Director at Human Stem Cell International Policlinic in Ho Chi Minh City and is licensed to practice in both Vietnam and Italy.

Dr. Gasparro Roberta

in Dentistry from the University of Naples Federico II with Honors (110/110 magna cum laude) with special mention to career and recommendation for publication. Research fellow and PhD at the University Federico II of Naples. Author of scientific articles published on National and International Journals. Lecturer at National and International Conferences. Teacher in in Oral Surgery and Implantology in pre and postgraduate programmes.

Dr. Giannini Lucia

Graduated with honors in Dentistry from the University of Milan in 2008, specialization in Orthodontics at the same institution, again with highest honors. Since 2011, she has also served several times as a Contract Professor in the School of Specialization in Orthodontics at the University of Milan. In addition, her professional qualifications have been officially recognized in Switzerland, where she has been practicing as an orthodontist. She is the Head of Orthodontics at Policlinico San Marco and is actively involved in professional institutions, including the Milan Medical and Dental Council, where she serves as Secretary Councillor and participates in several commissions related to equal opportunities, professional issues, welfare relations and healthy lifestyles.

Dr. Giovannacci Ilaria

Doctor in Dentistry University of Parma in 2013, II level Master Degree in Oral Medicine and Surgery, PhD in Experimental and Clinical Medicine University of Modena. Coordinator of the Master EMDOLA (European Master Degree in Oral Laser Application), University of Parma. Active member of SILO (Italian Society of Laser in Odontostomatology), Active member of SIPMO (Italian Society of Oral Medicine and Pathology), Board member of ANTREC (Academy of Neoregenerative Therapies and Hemocomponents) Author of over 50 national and international works.

Prof. Giudice Amerigo

Professor of Oral Diseases at the University "Magna Graecia" of Catanzaro. He serves as President of the Degree Program in Dentistry and Dental Prosthetics and Director of the Postgraduate School in Oral Surgery at the same university. He is an Active Member of the Italian Society of Oral Surgery (SIdCO) and the International Piezoelectric Surgery Academy (IPA). He is also an Active Member and Board Member of the International Non Transfusional Hemocomponents Academy (intHEMA), and an Ordinary Member of the Italian Society of Oral Pathology and Medicine (SIPMO). He is the author of numerous national and international scientific publications and co-author of book chapters related to oral surgery and oral pathology and medicine.

Prof. Gnoni Antonio

Associate Professor of clinical Biochemistry at the University of Bari School of Medicine, he is the Manager of the Omics facility of DiBrain facility and Chief Executive Officer of "NbHealth-Novel Solutions for a better Healthcare". Young Scientist Board Member SIBioC Puglia (Società Italiana Biochimica Clinica e Biologia Molecolare Clinica) and author of more da 80 research article in the clinical biochemistry field.

Prof. Grivet Brancot Luigi

Graduated in Medicine and Surgery from the University of Turin, with specialization in Dentistry and Prosthodontics. Licensed to practice in both Italy and Switzerland, with advanced training in oral implantology at La Sapienza University of Rome. Freelance implantologist practicing in Turin, Rome, Pescara, and Catania. International lecturer and course director in advanced oral surgery and anatomical dissection programs across Italy, France, and Belgium. Professor and coordinator in postgraduate implantology and zygomatic/pterygoid implantology master programs at the Universities of Siena and Pisa, as well as international master programs in Spain and Rome. Visiting Professor at the United Nations International University for Peace in Rome. Co-founder and Vice President of the Italian Society of Zygomatic and Pterygoid Implantology (S.I.Z.I.P.) and the International Society of Digital Dentistry and Guided Surgery (I.S.D.I.D.E.G.S.).

Prof. Orsini Giovanna

Giovanna Orsini, DDS, PhD is Full Professor of Technical Diagnostic, Assistance and Prevention Health Profession Sciences at the Faculty of Medicine of Università Politecnica delle Marche, Ancona, Italy, where she's currently Dean of the Degree Course in Dental Hygiene and of the Master's Degree in Healthcare Professional Technical Assistance Sciences. Her academic and scientific activity focuses on dental materials, restorative and regenerative dentistry, oral prevention, and translational research, with particular expertise in innovative biomaterials, nanotechnology, microanalytical methodologies, dental stem cells, and multidisciplinary healthcare education, developed through extensive international collaborations. Prof. Orsini has authored over 156 scientific publications, with more than 4,900 citations and an H-index of 39. She has coordinated several nationally and internationally funded research projects and is actively involved in editorial activities and international scientific conferences in dental and biomedical sciences.

Prof. Ottolenghi Livia

Standing Conference of Master's Degree Programs in Dentistry and Dental Prosthetics (CLMOPD); Nationally elected representative of Italian Dental Schools.

Prof. Pistilli Roberto

Head of the Maxillofacial Surgery Unit at San Camillo-Forlanini Hospital, Rome. Author of textbooks on anatomy and oral surgery. Published over 100 articles in indexed international and Italian journals. President of Sirio Roma.

Dr. Polizzi Alessandro

Dentist graduated with honours (110/110 cum laude) from the University of Catania, where he also earned a PhD in Biomedical Sciences. He later specialized in Orthodontics with honours (50/50 cum laude) at the University of L'Aquila. Currently Subject Expert in Oral Pathology and Medicine at the University of Catania, he is involved in research on Oral Medicine, Periodontology, Orthodontics, Oral Surgery, and AI applications in dentistry. He has authored several international scientific publications and serves as reviewer/editor for indexed journals. Member of SIPMO, EAOM, SIOCMF, IADR, and AIO.

Prof. Quinzi Vincenzo

Vincenzo Quinzi is an Associate Professor at Link Campus University. He holds a DDS with honors, a Master's degree in Orthodontics, a PhD in Experimental Surgery, and a specialization in Orthodontics. He achieved the Italian National Scientific Qualification for both Associate (2022) and Full Professor (2023) and, in 2025, was admitted to the European Board of Orthodontists. Included in the Stanford-Elsevier Top 2% Scientists List (2022, 2023, 2025), he is the author of 111 scientific publications indexed in Scopus, with an H-index of 37 and more than 2,675 citations. His research focuses on pediatric orthodontics, digital diagnostics, biomaterials, and innovative anchorage systems, including the patented REVERSE system.

Prof. Qorri Erda

Education: Graduated in Dentistry, Faculty of Dental Medicine "Carol Davila" in Bucharest, 2004. Postgraduated specialization: Specialization in Oral Surgery in "Carol Davila" 2007 and a PhD in 2013. Research interests: Research activity is focused on oral surgery, periodontology, implantology; Experience: Current Position – Director Long Term Specialization Oral Surgery and Orthodontics Faculty of Medical Sciences, Professor of Oral and Maxillofacial Surgery and Oral Medicine, Faculty of Medical Science, in Albanian University from (2010-2017). Director of the University Dental Clinic in "Albanian University" Coordinator of the Specialization School in Albania University in branches of Oral Surgery and Orthodontic. General Secretary and representative of Albanian in international association of Implantology SENAME. Vice Chef Editor Journal "OPTIME"

RELATORI | SPEAKERS

Rescigno Enrico

Enrico Rescigno was born on 28 August 1961 and graduated in Medicine and Surgery with honors from the University of Genoa in 1987. From 1990 to 1998, he worked as Medical Assistant in the General Surgery Division of Sanremo Hospital, and from 1999 to 2023 as Medical Director, Level I, in General and Vascular Surgery. From 2013 to 2022, he was Regional Manager for Liguria of the Italian Society for Vascular Investigation (SIDV), teaching residential EcoColorDoppler courses for physicians. He was appointed National Tutor of SIDV in 2014 and has held several board positions in SIDV, SIAPAV and ANTREC. In 2024, he was appointed President of ANTREC for 2026–2027, and in 2025 he was confirmed on the SIDV Board. In 2019, he obtained ALISA Mini HTA authorization for the use of L-PRF in diabetic foot treatment at ASL 4 Liguria. In 2022, he became Tutor in Plasmatic Growth Factors through the ASL 4 Liguria/Unicamillus University agreement and lecturer in the second-level Advanced Course in Regenerative Medicine at Unicamillus University, Rome. He currently works as a freelance physician in multispecialty clinics in Chiavari, Rapallo and Recco. He is affiliated with SIDV, SIAPAV and ANTREC. He has organized 11 angiology congresses, chaired 4 national congress sessions, acted as discussant in 12 national and international congresses, delivered 93 national and regional lectures, 4 international lectures, and authored 53 scientific publications.

Dr. Rizzo Antonio

Born on September 10, 1997, in Ceglie Messapica (BR), Italy. Graduated in Dentistry and Dental Prosthetics on July 22, 2024, from the University of Studies G. D'Annunzio Chieti – Pescara. Currently attending the Specialization School in Orthodontics at the University of Bari.

Dr. Sabatelli Francesco

Graduated in Dentistry and Dental Prosthetics from the University of Bari "Aldo Moro", specialized in Oral and Zygomatic Surgery.

Prof. Saccomanno Sabina

Graduated in Dentistry and Dental Prosthetics from the University of Messina in 1995, specializing in Orthodontics and obtaining a PhD at the Policlinico Gemelli in Rome. Contract Professor at Gemelli until 2019, and at the University of L'Aquila and Unicamillus. Speaker at numerous national and international conferences. Author of several books and articles. Researcher at Link University since November 2024, and Associate Professor at the same university starting from April 7, 2025.

Prof. Sammartino Gilberto

Graduated in both Medicine and Dentistry, he specialized in Maxillofacial Surgery in 1990 at the University of Verona. He is currently Full Professor of Oral Surgery, Implantology, and Maxillofacial Surgery, as well as Dean of the Dental School at the University of Naples "Federico II," where he also serves as Head of the Unit of Oral and Reconstructive Surgery and Director of the School of Oral Surgery. He is the University's Delegate for International Relations and has held prominent roles including Past President of the Italian Society of Oral Surgery and Chairman of the SENAME Implantology Association. He is an International Board Member of I.C.O.I. and Associate Editor of the International Journal of Dentistry. Author of over 300 scientific articles in national and international journals, he is also an active lecturer in courses and congresses worldwide.

Dr. Sardella Dario

Resident in Child Neuropsychiatry Policlinico of Bari Hospital, PhD student in Applied Neurosciences, Department of Translational Biomedicine and Neurosciences, University Aldo Moro of Bari.

Dr. Savastano Sara

Education and Training: Scientific High School Diploma from Liceo Elio Vittorini, obtained in 2004 Degree in Dentistry and Dental Prosthetics from the School of Medicine and Surgery at the University of Naples "Federico II" on April 4, 2011, with a final grade of 106/110; Experimental thesis in prosthodontics: "The operating microscope in fixed prosthodontics". Registered in the Professional Register of Dentists on January 26, 2012, registration number 3239. Currently enrolled in the Specialization School in Orthodontics at the University of Bari "Aldo Moro".

Prof. Scarano Antonio

Graduated with honors in Dentistry and Medicine with a specialization in Oral and Maxillofacial Surgery. He holds the position of Professor of Oral Surgery and Implantology at the University. In 2011, he developed and published the DEAM technique for the controlled expansion of the mandibular alveolar process. In 2015, he described the "sinus augmentation technique with roof bone plate." He has several publications to his name. He is the Director of the Postgraduate Course in Bone Regeneration in Oral Surgery at the University of Chieti-Pescara. He is an active member of several scientific associations. He serves as the Director of the Master's Course in Oral Surgery and Implantology, Director of the Oral Surgery Specialization School, and Director of the UOC of Oral and Maxillofacial Surgery at the "SS. Annunziata" Polyclinic in Chieti.

Prof. Serpico Rosario

Prof. Rosario Serpico: Full Professor in Oral Medicine and Odontostomatological Diseases at the Multidisciplinary Department of Medical-surgical and Dental specialties, University of Campania "Luigi Vanvitelli" and Chief of the Program Unit of Oral Medicine and Pathology of the University of Campania Luigi Vanvitelli Hospital. Past-Director of the Course of Dental Hygiene and Director of the School of Specialization in Pediatric Dentistry, University of Campania "Luigi Vanvitelli".

RELATORI | SPEAKERS

Prof. Severino Marco

Professor of Oral and Maxillofacial Diseases at the Department of Medicine and Surgery, University of Perugia. He graduated with honors in Dentistry from the University of L'Aquila, where he also earned a PhD and specializations with honors in Orthodontics and Oral Surgery. He currently teaches Periodontology, Orthodontics, and Oral Surgery at the University of Perugia. His clinical and research activity focuses on periodontology, oral surgery, and the relationship between oral and systemic health.

Prof. Shaaban Ahmed

Dr. Ahmed A. Elwahed Shaaban BDS, MSc, PhD Email: Ahmed.abdelwahed@fue.edu.eg Ph.No.: 00201006147705 - Professor of oral and Maxillofacial Prosthodontics, Faculty of Dentistry Future University - Founder and President of Egyptian Association of Prosthetic & Restorative Dentistry EAPRD - President of the Egyptian Dental Union.

Prof. Sinjari Bruna

Associate professor in Dentistry at the University "G. d'Annunzio" Chieti-Pescara. She is vice-coordinator of the Ph.D course in Science and Technology of Sustainable Development and President of the National Association of Italian Dentists Chieti-section. Graduated cum laude in Dentistry in 2008 at University of Chieti-Pescara. Received her Ph.D in Basic and Applied sciences at the same University in collaboration with the University of Montreal, Canada in 2013. She specialized in Orthodontics and TMJ Disorders with highest grades in 2016. Actually, she teaches in Degree Courses of Dentistry, Biomedical Engineering and Speech Therapy, and on the post graduate course of pediatric dentistry. Co-founder of the spin off "OMG System srl" approved by the Chieti University. She participated in numerous international congresses as an invited speaker. She has 112 published papers on Scopus and an h-index=26. She is the head of Hi-Tech Dental Materials Laboratory.

Dr. Soranna Antonello

Dr Antonello Soranna Resident in Oral Surgery.

Prof. Spagnuolo Gianrico

Professor and Director of the Master's Degree Program in Endodontics and Restorative Dentistry at the School of Dentistry, University of Naples "Federico II". His research focuses on the interaction between dental biomaterials, cells, and tissues at both molecular and clinical levels. Prof. Spagnuolo has been a member of the International Association for Dental Research (IADR) since 2000 and has actively contributed to several IADR committees. He has served as Councillor, Vice-President, and President of the IADR Stem Cell Biology Group. He is currently a Board Member of both the Continental European Division and the Pan European Region of the IADR, with a strong commitment to fostering collaboration within the scientific community. He has published over 230 articles in peer-reviewed journals and serves as Academic Editor for several indexed publications, including the Journal of Dental Research and Dental Materials.

Prof. Spinass Enrico

Associate Professor in MED 28 - Department of Surgical Sciences - University of Cagliari. Medical Director at the University Hospital of Cagliari (AOU Cagliari). Director of the School of Specialization in Orthodontics at the University of Cagliari. Head of the Study and Research Center for Dental Traumatology at the University of Cagliari (UniCa). Lecturer in Dental Prosthetics, Orthodontics and Gnathology, and Traumatic Dental Pathologies in the Master's Degree in Dentistry (CLOPD), the Degree Course in Dental Hygiene (CLID), and the Specialization Schools in Pediatric Dentistry, Orthodontics, Oral Surgery, and Sports Medicine. Lecturer in numerous Level II Master's programs (Sapienza University of Rome, Chieti-Pescara, Verona, Palermo). Past National President of the Italian Society of Dental Traumatology (SITD). Past President of the Italian Society of Sports Dentistry (SIOS) and National Board Member of the Italian Society of Forensic Odontology (SIOF). UniCa representative at the CDUO (University Conference of Dentistry). Author of over 130 scientific publications.

Prof. Tartaglia Gianluca Martino

Gianluca Martino Tartaglia received his D.D.S. degree from the University of Milan School of Dentistry, Italy in 1991, and his Ph.D. in Morphological Sciences from the same university in 1996. A confident healthcare professional with a track record of more than 30 years of successfully diagnosing and treating patients and following startups companies. Coordinator of a multidisciplinary dental care team with a full integration of diagnostic and clinical resources and board of directors member of bio-medical companies. Actually full professor at the Dental School of the University of Milan with research and coordination of post-graduate and PhD teams responsibilities. Head of TMD Complex unit of Maxillofacial Surgery and Dentistry Fondazione IRCCS Ca' Granda, Ospedale Maggiore Policlinico. Scopus Author ID: 7003489156 H-index > 1995 44 [source Scopus 24/04/2025].

Prof. Tatullo Marco

Medical Doctor, Dentist, PhD Coordinator of the Master's Degree Program in Dentistry - University of Bari Full Professor - Department of Translational Biomedicine and Neuroscience - University "Aldo Moro" Honorary Professor - University of Dundee (UK) Member of the Scientific Committee of CDUO - Association of University Professors in Dentistry (ETS) Former President of the "Stem Cell Biology" Scientific Group (IADR) and Editorial Board Member of the Journal of Dental Research.

Prof. Troiano Giuseppe

Full Professor of Implantology and Director of the Dentistry Degree Program at a University LUM, Italy. He holds a Ph.D. in Oral Sciences and has authored over 190 publications in international peer-reviewed journals. His research focuses on digital dentistry, bone regeneration, and the application of AI and radiomics in precision oral healthcare. He actively contributes to national and international academic initiatives and is committed to advancing education and innovation in dental research.

RELATORI | SPEAKERS

Dr. Claudia Theodora Truppa

Dr. Claudia Theodora Truppa graduated with honors in Dentistry and Dental Prosthodontics from the University of Perugia in 2024 and is currently enrolled in the PhD Program in Health and Environmental Sciences at the University of L'Aquila. She is a Research Scholar at the Center for Craniofacial Regeneration, School of Dental Medicine, University of Pittsburgh (PA, USA) and has previously been a Visiting Researcher at the Qatar University, College of Dental Medicine. Her clinical and scientific activity focuses on periodontology and orthodontics, with research interests spanning translational oral medicine, oral-systemic health interactions, host-microbiome relationships, periodontal inflammation, craniofacial regeneration, oral epidemiology, and the discovery of innovative biomarkers for oral and systemic diseases.

Prof. Tumedei Margherita

Degree in Dentistry and Dental Prosthetics from the University of "G. D'Annunzio" of Chieti-Pescara. Specialization in Oral and Maxillofacial Surgery from the University of "G. D'Annunzio". PhD in Medical Biotechnology from the University of "G. D'Annunzio" of Chieti-Pescara. RTDA (Research and Teaching Assistant) at the Department of Biomedical, Surgical, and Dental Sciences at the University of Milan.

Dr. Volpe Fabio

Medical Doctor with honors from the University of Bari, specialized in Maxillofacial Surgery with highest distinction at the City of Health and Science University Hospital in Turin. Currently serving as Consultant in Maxillofacial Surgery at the Policlinico of Bari. He has completed various clinical trainings and held multiple healthcare roles, including emergency and continuity of care services. Speaker at national and international conferences, he is author of several peer-reviewed publications. Fluent in English and proficient in medical management software.

Dr. Vaienti Benedetta

Dentistry Degree in Jux 2021 at the University of Parma Specialisation in Orthodontics in December 2024 at the University of Brescia Tutor at the Department of Orthodontics at the University of Parma. Co-author of scientific publications in indexed journals in the field of dentistry, particularly orthodontics. Freelancer as orthodontist.

Dr. Verrastro Lucio

Degree in Dentistry and Dental Prosthetics obtained in March 2007. Specialist in Oral Surgery and Implantology (USP). Holder of first- and second-level Master's degrees in Oral Surgery and Implantology. Master's degree in Periodontology. Since 2019, owner of the dental practice located in Tuglie. Consultant for several dental practices. AB Dental Opinion Leader.

Dr. Viarchi Arianna

Arianna Viarchi graduated in Dentistry and Dental Prosthetics from the University of Perugia in 2024, after obtaining a Bachelor's Degree in Biotechnology from the same University. She is currently attending the second year of the Specialization School in Pediatric Dentistry at the University of L'Aquila and is enrolled in the first year of the PhD Program in Clinical Medicine and Public Health at the University of L'Aquila. Her clinical and scientific activity is mainly focused on pediatric dentistry, interceptive orthodontics, oral prevention, and the correlations between oral health and systemic conditions. She is involved in research in the field of dentistry and oral medicine, with particular interest in malocclusions during developmental age, sleep disorders related to oral breathing, oral epidemiology, and the role of periodontal inflammation in systemic diseases.

Prof. Vescovi Paolo

Born in Parma in 02-09-1963. Degree in Dentistry in the University of Parma (Italy) in 1987, three years Speciality Diploma in Oral Surgery and one year Post Graduate Diploma in Oral Medicine in the University of Turin (Italy) during the years 1995-1999. European Master Degree in Oral Laser Applications (EMDOLA) in the University of Nice (France). PhD in the University of Liège (Belgium). Full Professor of Oral Medicine and Clinical Stomatology Director of Master EMDOLA and Coordinator of Speciality Degree in Oral Surgery since in the University of Parma (Italy). President of ANTHEC (Academy of Neoregenerative Therapies and Hemo Components). President Elected of WFLD (World Federation for Laser in Dentistry). Member of National Board of Italian Society of Oral Medicine and Pathology (SIPMO). Active Member of Italian Society of Oral Surgery (SIdCO) Author of more than 400 scientific papers in the field of Oral Medicine, Oral Oncology, Oral Surgery and Laser Applications in Dentistry.

Prof. Uricchio Antonio Felice

Full Professor of Tax Law at the Aldo Moro University of Bari (now on leave following his appointment in ANVUR). President of the Board of Directors of the National Agency for the Evaluation of the University System and Research (ANVUR) since January 7, 2020.

RELATORI | *SPEAKERS*

Prof. Xhajanka Edit

Prof. Dr. Xhajanka graduated in the field of Dentistry, with excellent results, in the Faculty of Medicine, Department of Dentistry in 1990. Postgraduate specialization in Fixed and Removable Prosthodontics. "Master" in Padova and in the University of Bari (2001). In 2003: Master "Biofunctional Prostheses". Different specialization courses in and outside of the country. In 2009 was awarded the title "Doctor of Science". In 2014 received the title "Associate Professor". In 2023, received the title "Professor Doctor". 1990-1997: Doctor in the University Dental Clinic. Since 1997 she has worked as a Lecturer in the Department of Prosthodontics and is Responsible of the "Total Removable Dentures". 2016-2024: Dean of the Faculty of Dental Medicine. Current position: Chair of Prosthodontic Department. Lecturer of the specialization classes. She has completed various qualifications in different countries of Europe. Author and co-author of several scholastic books, articles.

Dr. Zumbo Giulia

Giulia Zumbo is an Italian dentist specializing in pediatric dentistry, restorative dentistry, interceptive orthodontics, endodontics, minor oral surgery, and the treatment of patients with special needs. Since 2015, she has worked in the Pediatric Dentistry Unit of Policlinico Umberto I, Sapienza University of Rome, focusing on the "Sorrisi Speciali" pathway for children with Autism Spectrum Disorder and special-needs patients through a psycho-pedagogical approach.

She graduated with honors in Dentistry and Dental Prosthetics from Sapienza University of Rome in 2019, with an experimental thesis on dental treatment for children with Autism Spectrum Disorder. She specialized with honors in Pediatric Dentistry at Sapienza University in 2024, completed a second-level Master's degree in Orthognathodontics at Unicamillus in 2023, and is currently a PhD candidate in Innovative Technologies in Skeletal, Skin and Oro-Cranio-Facial Diseases.

GIORNATA PRECONGRESSUALE

08.45-13.30 SESSION 1 – Moderators

*Prof. Alessandra Laforgia
Prof. Saverio Capodiferro
Prof. Emilio Nuzzolese
Dr. Silvia Chieppa
Dr. Paola Bassi
Dr. Sharon Di Serio
Dr. Claudio Carone*

08.45-09.05 An Overview of Laser Applications

*Prof. Saverio Capodiferro
Dr. Giuseppe D'Albis
Dr. Marta Forte*

09.05-09.25 Diagnostic-therapeutic care protocol in temporomandibular disorders

Prof. Vito Crincoli

09.25-09.45 Towards a predictive diagnosis: the role of machine learning in gingival inflammation in Down syndrome

*Prof. Gianna Dipalma
Dr. Federica Macri*

09.45-10.05 L'importanza della funzione muscolare orale nel trattamento ortodontico e parodontale

Dr. Antonio Ferrante

10.05-10.25 Informed consent in dentistry for innovative procedures

Prof. Emilio Nuzzolese

10.25-10.45 Endoscopically assisted oral surgery

*Dr. Stefano Cocis
Dr. Fabio Volpe*

10.45-11.05 Squamous cell carcinoma of the oral cavity, what's new?

*Prof. Copelli Chiara
Dr. P. Lovino
Dr. Alfonso Manfuso*

11.05-11.25 Effectiveness of Platelet-Rich Fibrin (PRF) in Post-Operative Complications Following Impacted Mandibular Third Molar Surgery and in the Treatment of Dry Socket

*Prof. Gilberto Sammartino
Prof. Roberta Gasparro
Dr. Angelo Aliberti*

11.25-11.45 From Diagnosis to Motivation: The New Paradigm of Digital Orthodontics

*Prof. Ludovica Nucci
Dr. Mariagiovanna Ferraioli*

11.45-12.05 Orthodontics and Dental Trauma

*Prof. Enrico Spinas
Dr. Alessio Verdicchia*

12.05-12.25 General Anesthesia in Pediatric Special Dentistry: The Experience of a Public Dental Unit

Dr. Claudio Gallo

12.25-12.45 Quad-Zygoma: Advanced Biomechanics and Long-Term Outcomes

Dr. Michele Cutillo

12.45-13.05 Virtual surgical planning in maxillo-facial surgery: update

*Dr. Marco Sarcinella
Dr. R. Spinelli*

13.05-13.30 PAUSA LAVORI

13.30-15.30 SESSION 2 – Moderators

*Prof. Gianna Dipalma
Dr. Alessio Danilo Inchingolo
Dr. Angelo Michele Inchingolo
Dr. Grazia Marinelli
Dr. Federica Macri*

13.30-13.50 Clinical protocols in the dental management of pediatric patients with epidermolysis bullosa

*Prof. Cinzia Maspero
Dr. Lucia Giannini*

13.50-14.10 Analysis of the Reliability of 3D Stereophotogrammetry Under Different Head Orientation Conditions

*Prof. Alberto Di Blasio
Dr. Marco Di Blasio
Dr. Benedetta Valenti*

14.10-14.30 Maxillary and mandibular growth factors and atrophies

Dr. Roberto Conte

14.30-14.50 AI assisted Gummy smile road map

*Prof. Islam Kassem
Dr. Bassel El Garwany*

14.50-15.10 State of the Art in Elastodontics

Dr. Antonio D'Astore

15.10-15.30 Role of growth factors in Soft Tissue and Bone Healing

Prof. Erda Qorri
